

7 PM Monday, November 21st
Gamble Auditorium, Mt. Holyoke College

"Your greatest creation is the life you lead"

Please join us for a special live appearance, presentation and screening by award-winning filmmaker Jonathan Caouette and his mother, Renee. *Tarnation* is a true triumph of the human spirit. Critics have called it a miracle film, as *Tarnation* features footage from 20 years of his often chaotic life. The film chronicles Renee's lifelong struggle with trauma, "mental illness," institutionalization, and electroshock, and a touching relationship between mother and son.
